

Addendum No 2
SVWD 2025 Mains Projects
2/24/25

1. Please clarify what years of experience should be including in 1-G Statement of Qualifications.
 - a. 3 Years of experience is sufficient.
2. The reference information in section 1-G is asking for a “Total Project Well Cost”. Is there a well involved in this project?
 - a. This was a typo, as there are no wells involved with the above referenced project. This line should instead read ‘Total Cost of Work’.
